

Lexus Celebrates With Special IS Range Offers

9 August 2010

When you are one of the world's most prestigious car makers, candles on a cake just aren't enough when it comes to celebrating a special anniversary. Lexus has come up with something much more special to help mark its 20 years in the UK, with special Celebration Edition offers on its IS sports saloon range.

For a limited period, customers can realise significant savings with a "complimentary upgrade" to the IS F-Sport for the price of an equivalent new IS 250 or 220d SE-I model.

The IS F-Sport displays extra styling features inside out, inspired by its exclusive, high-performance IS-F sister model, including: -

- 18-inch alloy wheels
- Leather and Alcantara sports front seats
- Aluminium pedal set
- Sports steering wheel
- Bootlid spoiler
- Mesh front grille
- Lowered suspension (IS 250 F-Sport only)
- F-Sport badging
- These items have a combined customer value of £1,680.

The "icing on the cake" of the celebration offer is a big reduction in running costs for customers, thanks to three years complimentary servicing for all new IS model purchases.

Full terms and conditions of the Celebration Edition offers are available at www.lexus.co.uk, or from Lexus centres.
